At the close of each quarter a list in Form 21 shall be prepared of outstanding advances.

All sums of money received by way of security deposit from any one or which are not the property of the Board and have been placed with the Commissioner for a temporary purpose only and all sums of money which cannot be immediately adjusted in the accounts for want of proper details shall be credited to the head "Deposit Received" and shall be entered in the credit side of the Deposit Ledger (Form 22). A separate account shall be opened for each depositor and the account shall be balanced quarterly and signed by the Commissioner.

72. When a deposit is refunded in cash, it shall be charged to the same head of accounts. If the amount of a deposit is ultimately required to be adjusted by book transfer, the bill shall be adjusted in the following manner:—

Passed for Rupees.....	
Adjust Rs. "	by debit to the head "Deposit refunded" and

78. An appropriation register in Form 25 shall be kept to watch the appropriation of funds raised by loan. The expenditure met from the loan shall be posted monthly from the monthly Abstract Register of expenditure. The money drawn shall not be diverted to any other purpose.

CHAPTER VII.

Office Accounts.

Cashier's Cash Book.

79. All money received shall immediately and without reservation be brought to account in the Cashier's cash book to be kept in Form 26 under the direct supervision of the Commissioner. The receipts shall be classified in the column provided according to the budget heads.

80. All receipts shall be entered daily in the cash book with full details of names and particulars. Each entry shall be initialled by the Commissioner daily after comparison with the receipt issued which also shall be initialled by him. The Commissioner shall at the same time exercise a test check to ensure that no receipt has been issued for amounts which have not been credited in the cash book.

Custody of the Wakf Fund.

81. All sums received on account of the Wakf Fund shall be paid into the Bank. When money received or collected on account of the

Wakf Fund cannot be immediately remitted to the Bank, it shall be kept in a strong iron safe secured by two locks of different patterns. As an invariable rule, all the keys of the same lock shall be kept in the custody of the same person and, as a general rule, the keys of one lock shall be kept apart from the keys of the other lock in the custody of the Commissioner or some other responsible person nominated by the Board, the keys of the other lock being kept with the Cashier.

82. At the close of each day's transactions, the cash in hand of the Cashier shall be verified by actual counting and agreed with book balance by a memorandum recorded in the Cashier's cash book as follows:—

.....

*Officer in charge
of the keys of the second lock.*

The cash Balance Certificate shall be signed by the Cashier and the person authorised to keep the second set of keys under rule 81. The latter officer shall before signing the certificate verify the cash balance and see that it agrees with the balance as shown in the memorandum in the Cashier's cash book for the same day.

Remittance into the Bank.

83. All money received on account of the Wakf Fund shall be remitted to the Bank accompanied by a pay-in-slip on all working days of the week and shall on no account be appropriated towards expenditure.

84. (a) When a remittance is to be made to the Bank, (i) all receipts up to the time of remittance shall be entered in the cash book (Form 26), (ii) all money columns shall be totalled and the cross total of those columns shall be agreed with that of column 11, (iii) the total amount of column 11 shall be entered in column 12 and remitted to the Bank in pay-in-slip forms, (iv) the number and date of the pay-in-slips shall be noted against each remittance. The Commissioner shall check and initial against the total of the remittance in column 12.

(b) A red line shall be drawn across the book below the totals after each remittance. All amounts received after the remittance is made

shall be entered below the line mentioned above. The date in column 1 of the cash book shall be the actual date of receipt and not of remittance.

Transactions with the Bank.

85. Pay-in-slip Books are supplied by the Bank for the payment of money into it.

Bank's monthly statement of deposits and withdrawals.

86. For sums paid into and withdrawn from the Bank a monthly statement of accounts showing the daily records of transactions in the Bank is issued by the Bank every month. These statements shall be filed serially and chronologically in book form.

Check of the Cashier's Cash Book by the executive.

87. (1) The Commissioner shall once at least in every month examine (i) the Cashier's cash book together with the Bank's statement of accounts, so as to satisfy himself that all money received has duly been remitted to the Bank without delay and that (ii) the Cashier does not without sufficient reasons retain in hand sums of money in excess of the security which he may have given, and that (iii) he always remits to the Bank the whole and not part of the day's receipts. He shall initial the cash book in token of having made this examination.

NOTE.—This duty shall not be delegated by the Commissioner to any other officer.

(2) He shall further examine once a month the Cashier's and the Accountant's cash book with all the subsidiary forms and registers with a view to testing whether all sums received are actually brought to account promptly.

(3) The Commissioner shall exercise the same vigilance in respect of all expenditure out of the Wakf Fund as a person of ordinary prudence would exercise in spending his own money.

Payment Orders and Payment of Claims.

88. Every bill or other claim for payment shall be presented in the first instance to the Accountant, who shall check and examine it as regards arithmetical accuracy, propriety of the claim and its admissibility with reference to sanction, order book or other documents, and if it be found to be correct and in order, he shall initial it and submit the same for orders to the Commissioner. Wherever permissible, pies involved in the total of the passed bill shall be rounded off to the nearest anna—items below six pies being omitted and six pies and above, treated as one anna. If payment of the bill so presented is to be made, a payment order shall be endorsed on the documents, i.e., on the bill presented by the person who prefers the claim.

The payment order shall run as follows:—

“Pay (Rs.) rupees only”, the amount being written in words as well as in figures and the order shall be signed by the Commissioner if the payment is found admissible by him.

89. Before passing a cheque the Commissioner shall satisfy himself that the amount is available against the balance of the Wakf Fund or a loan as the case may be, to which the amount is debitable. A reference to the Appropriation Register maintained under rule 78 will show the amount of unspent balance of the loan. Deducting this sum from the balance of the General Cash Book on any day (the receipts and expenditure being roughly totalled for the purpose of working out the figure), the available balance of the Wakf Fund proper will be obtained. He shall at the same time satisfy himself that the payment will not cause any excess over the provision made in the budget estimates under the head concerned.

90. (a) If the bill is to be paid out of the imprest, the Commissioner shall sign the pay order on the bill and make it over to the Cashier for payment. The Cashier shall after payment stamp the vouchers with the words "Paid in cash", in conspicuous type. This shall be attached as a sub-voucher to the next contingent bill (Form 16).

(b) If the Bill is to be paid by cheque, it shall be made over to the Accountant. The cheque shall be written out by the Accountant and the bills stamped "Paid by cheque No. , dated " in conspicuous type. Both the bills and the cheque shall then be placed before the Commissioner who shall sign the cheque and initial (with date) the "paid" endorsement on the bill in token of having signed the cheque. The amount of the cheque shall be entered in the cash book as soon as the cheque is signed.

91. Every payment made either in cash or by cheque shall be covered by a receipt stamped, if necessary, from the person to whom the money is due. If the payment is made to another person duly authorised by the payee to receive payment on his behalf, the signatures of both are necessary. Receipts signed by any other person or by an employee of the Board are invalid.

92. (a) When payment is made to illiterate persons, their left thumb impression shall be taken and attested by a witness in addition to the paying officer.

(b) When the payee signs the bill in vernacular, the paying officer shall require the payee to acknowledge the amount in the same vernacular.

93. (i) All bills that have been paid shall be numbered consecutively for the year in order of payment and shall be posted in a "guard book".

(ii) Imprest bills that have been together with the sub-vouchers shall be filed in a separate guard book, a memorandum being kept in its place in the general guard book.

Bill Register.

94. (a) All bills received for payment shall be entered in the Bill Register (Form 27). As soon as a payment on account of the bill is made, the fact shall be noted in the appropriate column of the register. The total unpaid amount at the end of the year shall be worked out and the outstanding amount carried over to the register for the next year.

(b) The Bill Register shall be submitted for review to the Commissioner once a month.

Cash Book.

95. The cash book shall be kept in English in Form 28 by the Accountant.

Posting of the cash book.

96. (a) The Accountant shall compare the receipted pay-in-slips and the Cashier's cash book to ensure that all remittances have been duly brought to account in the Bank and shall then write up the receipt side of his cash book from the chalan and the Cashier's cash book. In writing up his cash book the Accountant shall transcribe the totals only under the various account headings in the Cashier's cash book into his cash book, but at the same time he shall prove the compilation of the account and test the accuracy of the amount and the classification of the items forming the totals by referring to the forms and registers in which the receipts are given.

(b) The date of receipt to be shown in the Accountant's cash book shall be the date on which the chalan is received by the Bank as shown by the stamp and initials of the officers of the Bank thereon.

(c) The payment side of the cash book shall be posted from the details of the vouchers and of the cheques drawn.

Closing of the Cash Book.

97. The cash book shall be balanced on the last working day of every month and signed by the Commissioner in token of the correctness of every entry made therein. The balance brought out shall be stated both in words and figures, and shall within three days of the close of the month be agreed with the balance shown in the monthly statement of accounts received from the Bank, thus:—

Rs. a p.			
Balance as per cash book
Add cheques drawn but not yet cashed

Pay-in-slip No.	Date	Rs. a. p.	..

....
etc.	etc.		..
Balance as per monthly statement of accounts of the Bank			

NOTE.—When a cheque has been cancelled it will not be entered into the list of cheques drawn but not cashed.

Cheques.

98. Cheque Books will be provided by the Bank. The drawing officer shall keep the cheque book under lock and key in his personal custody and when relieved he shall take a receipt for the correct number of cheques made over to the relieving officer, a specimen of the latter's signature shall at the same time be forwarded to the Bank.

99. On receipt of the Cheque Book from the Bank the officer to whom the duty of signing cheques is allotted, shall count the cheques and shall record the number on the back of the Cheque Book over his initial thus:—

"This Cheque Book contains forms."

100. (a) The Cheque Book in use may be made over to the Accountant whenever required, but it shall be returned before the office is closed for the day and shall on no account be left in the entire charge of any subordinate.

(b) The officer in whose custody it is to remain shall satisfy himself periodically that all unused cheques are in the book and that none has been surreptitiously extracted.

101. No cheques shall ordinarily be signed unless required for immediate delivery to the person to whom the money is to be paid. The practice of retaining signed cheques in the office shall not be permitted.

102. Every cheque shall be drawn in English in favour of the person to whom the money is actually to be paid and no cheque shall be drawn in favour of one person for payment to another.

The sole exceptions are—

(a) in the case of a cheque issued for a sum of money distributable as pay or wages among the staff of the Board the cheque shall be drawn in favour of the Commissioner who will endorse the cheque by name to the person by whom the actual distribution is to be carried out and at the same time attest the corresponding entry in the register of disbursement of cash drawn on cheques in favour of the Commissioner (Form 29).

(b) (1) In the case of a cheque for a sum of money due to a person residing outside Calcutta the cheque shall be drawn in favour of the Postmaster, if it is accepted by him, and shall be sent to him with the money orders included in the cheque; if not, it shall be drawn in favour of the Commissioner who will have it cashed and the money sent to the Postmaster. The Commissioner shall check the money order carbon receipts with the bills on the same day or on the following day

(17) In case of deductions made from the pay bill on account of security deposits of employees, a cheque for all such deductions made in a month shall be similarly drawn in favour of the Postmaster for deposit in the respective Savings Bank account of each depositor.

- (c) In case of payment of sums due to Government the cheques shall be payable to the officer in charge of the department concerned such as the Income-tax Department. In other cases, the cheque shall be drawn in favour of the Commissioner who shall be responsible for the due credit of the sum to Government.

103. The amount of every cheque drawn shall be written in words as well as in figures, both on the cheque itself and on the counterfoil which shall be initialled by the person who signs the cheque. The amount of the cheque should be so recorded as to render any alterations, interpolations, insertions quite easily noticeable: the word "only" shall be added after the amount written in words where the amount does not contain annas or annas and pias.

104. All cheques drawn in favour of the Commissioner shall be entered by the Cashier in the register of disbursement of cash drawn in cheques in favour of the Commissioner (Form 29).

Cancellation of cheques.

105. When a signed cheque is cancelled it shall be stamped or enfaced "cancelled" by the drawer of the cheque. The fact of cancellation shall be noted in red ink under the initials of the drawer of the cheque upon the counterfoil and also across the endorsement which has been enfaced upon the vouchers.

NOTE. -The cancelled cheque shall be destroyed by the local auditor as soon as the accounts for the month in which the cheque was drawn have been audited.

Correction of the cash book and Abstract Register when cheques are cancelled.

106 (a) If the cheque is cancelled before the cash transactions of the month in which it was issued have been totalled the entry in the cash book and also in the Abstract Register (Form 31) shall be struck out in red ink under the initials of the Commissioner.

(b) If, however, the Abstract Register has been totalled, the amount of the cheque shall be credited in the cash book as a miscellaneous receipt, and if the correction is made in the year in which the cheque was issued the amount shall be noted against the head "Deduct entries" in the adjustment register (Form No. 32) under that head and the head of expenditure to which it was originally charged.

107. No fresh cheques shall be issued, in place of a lapsed cheque. A lapsed cheque shall simply be re-dated and attested by the Commissioner. A note of the fact of re-dating shall be entered in the cash book against the original transaction and upon the counterfoil of the cheque itself.

NOTE. -Cheques are current for three months only; after the expiration of that period payment will be refused by the Bank and the person in whose favour the cheque was drawn will therefore have to bring it back to be re-dated.

Procedure when a cheque is lost.

108 (a) When a cheque is reported as lost during the period of its currency, the Commissioner shall forthwith communicate the loss to the Bank and obtain certificate from the Bank that its payment has been stopped.

(b) On receipt from the Bank of the certificate properly signed, a new cheque can be drawn in lieu of it and the fact of the loss and the number and date of the new cheque will be recorded on the counterfoil of the lost cheque, and the number and the date of the old cheque will be recorded on the counterfoil of the new cheque. The fact of the new cheque having been issued will be entered on the date of issue in red ink parenthetically in the cash book but not in the column for payment. A note will also be made against the original entry in the cash book.

Abstract Register of Receipts and Expenditure.

109. All the entries on the receipt side of the cash book (Form 28) shall be posted by the Accountant one by one direct from the cash book into the Abstract Register of Receipts (Form 30) and all entries on the payment side of the cash book shall be similarly posted into the Abstract Register of Expenditure (Form 31).

110. The Abstract Registers shall be posted as often as may be convenient, but in no case later than ten days after the close of the month to which the account relates.

111. The columns of the Abstract Register shall be totalled every month and the sum of the totals of all the columns must necessarily be equal to, and shall be compared by the Commissioner with, the monthly totals of the receipts and expenditure shown in the cash book. He shall initial the Abstract Registers in token of having made this comparison.

112. The adjustments in the Abstract Registers shall represent the totals in the Register of Adjustments prescribed in rule 113.

Adjustments.

113. For the record of transactions other than cash, a register of adjustments shall be opened in Form 32.

114. The chief adjustments are—

- (1) Rectification of errors in classification
- (2) The adjustment of a bill against an advance or of a receipt against a deposit.
- (3) Adjustment due to refunds of income or recoveries of expenditure.

115. The methods of adjustment are as follows:—

- (1) Errors in classification are to be adjusted by deducting the amount wrongly charged from the head to which it was originally charged and adding to the head to which it belongs. The amount shall be placed against “deduct

entries" and "add entires" in the adjustment register under the respective heads of the receipt side if the misclassification relates to a receipt or under the respective heads of the expenditure side if the misclassification relates to expenditure.

- (2) The adjustment of charges against an advance shall be recorded in the adjustment register by entering the amount of the charge in the expenditure side of the register under the head to which the charge is to be debited and also by entering the same in the receipt side under the head "Advances recovered".

When a receipt is adjusted against a deposit, the adjustment shall be recorded in the Register of Adjustment by entering the amount of deposit in the expenditure side of the register under the head "Deposits refunded" and also by entering the same in the receipt side under the head to which the amount would fall. All the entries shall be made against "add entries" of both the sides of the Adjustment Register.

The adjustment of the advances and deposits shall also be recorded in the individual account of the Advance or the Deposit Ledger in the appropriate columns.

- (3) The adjustment due to refunds of income or recoveries of expenditure shall be made only when the income was originally received or the expenditure incurred in the same year in which the refund or recovery is made. When income is refunded, the refund shall be charged to the major head of expenditure corresponding to the major head of receipts to which it was originally credited, or if there is no such head, to "Miscellaneous". The amount shall then be deducted in the Adjustment Register from both the head of receipt to which it was originally credited and the head of expenditure to which the refund was charged.

Similarly, when expenditure is recovered the amount shall be credited to the major head of receipts corresponding to the major head of the expenditure to which it was originally charged or if there be no such head, to "Miscellaneous". The amount shall then be deducted from the Adjustment Register from both the heads of expenditure to which it was originally charged and the head of receipt to which the recovery is credited.

NOTE—(1) Adjustment affecting the advance and the deposit heads shall be made even after the close of the year so long as the accounts therefor have not been finally closed.

(2) The record of adjustment relating to "deduct entries" both in the Adjustment Register or in the Abstract Register shall always be written in red ink.

(3) No adjustment will, however, be necessary in respect of recovery of expenditure incurred under sections 39 and 75 of the Act.

Quarterly and Annual Account.

116. At the close of every month the totals under the various heads of account recorded in the Abstract Registers (Forms 30 and 31)

shall be entered by the Accountant in the Registers of Quarterly and Annual Accounts of Receipts and Expenditure in Forms 33 and 34 against the corresponding heads for respective months.

117. If it is desired to show the expenditure in greater detail than according to the prescribed budget heads, additional detailed heads may be inserted in the Abstract Registers and the Quarterly and Annual Accounts of Expenditure. The particulars of the charges to be posted under those heads can be obtained from the cash book or vouchers.

Preparation of Annual Account.

118 (a) An account showing the receipts and expenditure during the year, duly balanced, shall be prepared by the Accountant in Form 35 immediately after the close of each year and not later than the 15th May following. The account shall be reviewed and signed by the Commissioner and placed before the Board for consideration and approval by the 15th June following.

(b) A copy of this account shall be sent not later than the 30th June following to the Government.

Office Order Book.

119. An Office Order Book shall be kept by the Commissioner in which all appointments, promotions, leave, suspensions, fines and office arrangements and orders generally shall be noted. The Commissioner shall see that this Order Book is kept in a correct and complete manner.

Establishment Check Register.

120. The whole establishment of the Board shall be recorded in the Establishment Check Register (Form 36) in which every appointment as made shall be entered. The original scale as well as all subsequent changes shall be authenticated by the Commissioner with a quotation of the number and date of sanction in support.

121. Details of every establishment bill after it is checked by the Accountant shall be posted into the Establishment Check Register. Pay shall be recorded under the month for which it is due and not under that in which it is disbursed.

122. Temporary establishment shall be shown separately in the establishment register and not mixed up with the permanent establishment, the period of sanction being specified. Lines shall be drawn across the columns of the months previous or subsequent to such period, so as to prevent admissibility by oversight of pay for a period in excess of sanction.

Other recurring charges.

123. When the Commissioner incurs recurring charges (other than for repayment of loans) on account of rents, electrical charges, etc., payments on account thereof shall be recorded and checked in the same manner as establishment charges. The Establishment Check Register shall be used for the purpose, separate pages being opened therein for these charges.

124. The payment of fees and travelling allowances to the members shall also be watched through this register, necessary modifications of the columns thereof may be made as indicated below:—

Name of member	Residence	Date of meeting						Date of meeting, etc., etc
		Voucher No	Date	Amount of travelling allowance	Voucher No	Date	Amount of allowance	

Destruction of records.

125. Vouchers, registers and other accounts and forms prescribed for the use of the Board shall not be classified for destruction or destroyed otherwise than in accordance with the Appendix to these rules.

126. The Commissioner shall give the necessary orders for destruction after personal inspection. The registers, vouchers and other documents which have been ordered to be destroyed shall be entered in detail in a register and attested by the Commissioner after verification.

CHAPTER VIII.

Legal Proceedings.

127. All suits or certificates filed on behalf of or against the Commissioner shall be entered in a register in Form 37 and costs incurred in conducting the suits or certificate cases and in executing the decrees or certificates shall be noted in the register against the respective suit or the certificate case.

NOTE —The certificate cases filed should be noted in a separate part of the register.

128. The suits or certificate cases pending at the end of the year shall be taken over to the next year's register written in red ink. The total costs incurred and other details shall also be noted from the previous year's register.

Bills introduced in the Council of State and Legislative Assembly; Reports of Select Committees presented to the Council and Assembly; and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 29th August, 1938:—

L. A. BILL No. 19 of 1938.

A Bill further to amend the Destructive Insects and Pests Act, 1914

WHEREAS it is expedient further to amend the Destructive Insects and Pests Act, 1914, for the purpose of 1914 hereinafter appearing, It is hereby enacted as follows:—

Short title.

1. This Act may be called the Destructive Insects and Pests (Second Amendment) Act, 1938.

Amendment of section 2, Act II of 1914.

2. In section 2 of the Destructive Insects and Pests Act, 1914,—

(a) at the end of clause (b) the word “and” shall be omitted;

(b) at the end of clause (c) the word “and” shall be added; and

(c) after clause (c) the following clause shall be added, namely:—

“(d) a reference to British India shall be construed as a reference to British India and Berar.”

STATEMENT OF OBJECTS AND REASONS.

The Destructive Insects and Pests Act, 1914 (Act II of 1914), was not made applicable to Berar under the Indian (Foreign Jurisdiction) Order in Council, 1902. By the Destructive Insects and Pests (Amendment) Act, 1938 (Act VI of 1938), sections 1A to 4D and section 5A, conferring power on the Central Government to regulate or prohibit transport from province to province of insects or articles likely to cause infection to crops, were added to the Act. In order that these new provisions may, if necessary, be used to control the transport to or from Berar of insects or articles likely to cause infection and since uniformity in this matter is obviously desirable, it is proposed that the whole Act should now be made applicable to Berar by legislation for this purpose.

The following Bill was introduced in the Council of State on the 9th September, 1938:—

C. OF S. BILL No. 5 OF 1938.

A Bill to amend certain provisions of the Indian Penal Code.

Amendment of section 124A.

1. In Explanation I of the section delete the sentence "and all feeling of enmity".

2. In Explanation II delete the whole sentence after the words "lawful means" and before the words "do not.....".

3. In Explanation III delete the whole sentence after the word "(Government)" and before the words "do not

Amendment of section 153A.

4. In the section between the word "otherwise" and the word "promotes" add the word "intentionally".

5. In the Explanation of the section delete the words "without malicious intention and" and add at the end of the Explanation "or to advance the cause of one's own community or class or to criticise the action of other community or class which is behaving in an antagonistic manner towards any other community or class."

STATEMENT OF OBJECTS AND REASONS.

Under the Government of India Act of 1935 the form of Government has considerably changed and provincial autonomy has been granted and consequently the administration of provinces has come into the hands of such bodies which are either predominantly Hindu or Muslim and at least one of such bodies has the object of abolishing zamindari system altogether or reduce it to the status of an institution of tax collectors. The feeling between Hindus and Muslims is so bitter and the mutual mistrust is so high that one community does not expect fair play from the other.

The Congress, which is for all intent and purposes a Hindu body and is administering good many provinces, has also some such ideals as are against the interest of certain classes in certain provinces. Under the present condition of this country it is very dangerous and unjust to give such a weapon as sections 124A and 153A in their present form in the hands of any community or class in power which may be used as a means of oppression of other community or classes, and therefore it is necessary to amend the two sections in such a manner as to avoid any danger of misuse with a view to oppress others.

ALLAHABAD;

SYED MOHAMED HUSAIN.

J. D. ANDERSON,

Secy. to the Govt. of India.

GOVERNMENT OF INDIA.

Legislative Department.

The following Bill was introduced in the Council of State on the 13th September, 1938:--

C. OF S. BILL No. 8 OF 1938.

A Bill to amend certain provisions of the Criminal Procedure Code (Act 5 of 1898, as amended in 1923).

1. Amendment of section 161.

Add following at the end of clause (1): "and all the material portion of such statement shall be recorded in the special diary".

2. Amendment of section 144.

In clause (1) after the words "any other magistrate" add "of first class not being a Honorary Magistrate" and delete "not being a magistrate of the 3rd class".

Add at the end of the section the following proviso:-

"Provided that no order under this section shall be passed against any one, who is acting under a civil court decree according to the directions contained therein, or is doing an act, which is not illegal, unless the act is done in such a manner as is likely to cause an apprehension of breach of peace; in which case the magistrate may impose suitable conditions for performance of the said act."

3. Amendment of section 207.

After the words "in the opinion of the magistrate" add "is a case in which adequate punishment cannot be inflicted by him or in a cross case of another case, which has been committed to the court of session or the High Court, and in the opinion of the magistrate is of such a nature that it ought to be tried with that case".

4. Add the following new section as section 214:--

"In a case exclusively triable by the court of session or the High Court, if the magistrate, after taking some evidence, is of opinion that a *prima facie* case has been made out, he may frame a charge and may commit the accused to the court of session or the High Court as the case may be without taking further evidence for the prosecution or the defence, or if all the accused apply to the magistrate to commit the case without taking any evidence, the magistrate may forthwith frame a charge and commit the case to the court of session or the High Court as the case may be. In such cases the accused will be given a list of all the witnesses and the documents which the prosecution intends to produce at the trial before he is called upon to furnish a list of defence witnesses and on the application of the accused copies of the statement of prosecution witnesses examined by the police or the magistrate will be given to him free of charge and the accused will also be entitled to inspect free of charge all the documents intended to be produced by the prosecution at the trial."

5. Amendment of section 268.

Substitute the following in place of the existing section—"Trials before a court of session shall be by jury only in cases to which section 269 applies".

6. Amendment of section 283.

Omit the sentence "with the aid of jurors as assessors" in sub-clause (3).

7. Amendment of sections 284, 284A, 285, 285A, 286, 293, 294, 295 and 309.

Omit sections 284, 284A, 285 and clause (1) of section 309.

Omit "or section 284A" from section 285A. Omit "or assessors" in sections 286, 293, 294 and 295.

STATEMENT OF OBJECTS AND REASONS.

The police has changed its method of recording the statements of witnesses in such a way that the object of the amendment of section 162 cannot be achieved. Moreover, in view of the proposed addition of section 214 the amendment of section 161 is necessary.

Section 144 is much too wide and in spite of its amendment it has been misused causing great hardship and injustice to people

Section 207 has been misunderstood in many cases and such cases are committed to the court of session which should never go to a court which has more important work to do.

In good many cases unnecessary delay and expense can be avoided by adding the section 214 as proposed and will do no harm to the accused or any one concerned.

The trial by the aid of assessors should altogether be stopped. The majority of assessors take no interest in the trial and the court usually attaches no importance to their opinion. It is a sheer waste of public time and money

SYED MOHAMED HUSAIN.

The 17th June, 1938.

J. D. ANDERSON,

Secy. to the Govt. of India.

The Governor General in his discretion has been pleased to accord the sanction required by clause (e) of sub-section (1) of section 108 of the Government of India Act, 1935.

GOVERNMENT OF INDIA.

Legislative Department.

The following Bill was introduced in the Council of State on the 15th September, 1938:—

C. OF S. BILL No. 9 OF 1938.

A Bill further to amend the Code of Civil Procedure, 1908, for certain purposes.

WHEREAS it is expedient further to amend the Code of Civil Procedure, 1908.

1. This Act may be called the Civil Procedure Amendment Act, 1938.

2. In section 104 of the said Act, the following subparagraphs be added to sub-section (1) thereof:—

- (j) an order made without jurisdiction or which a Court was incompetent to make;
- (k) an order affecting, determining or concluding any right or liability of any of the parties to the suit including their representatives in interest.

STATEMENT OF OBJECTS AND REASONS.

Whereas doubts, difficulties and confusion have arisen relating to the maintainability of an appeal from an "Order" under the Letters Patent of the various High Courts in India on account of numerous apparently conflicting decisions.

The word "Judgment" used in the Letters Patent of the High Courts is responsible for such conflicting decisions.

It has become necessary to set at rest such diversity of judicial opinion prevailing in various High Courts in India and the aim of this Bill is to remove such diversity so far as practicable.

The proposed amendment in sub-section (1) has been made on the basis of the observation of the Judicial Committee reported in I L. R. 9 Calcutta 482, *viz.*, "they are unable to agree with the Chief Justice that if a Judge of a High Court makes an order on a misapprehension of the extent of his jurisdiction, the High Court have no power, by appeal or otherwise, in setting right such a miscarriage of justice" per Sir Robert Collier. One of the High Courts has lately doubted whether the observation of the Judicial Committee still applies as appeals from orders are now solely governed by the Civil Procedure Code.

The words in the same sub-clause, *viz.*, "which a Court was incompetent to make" have been taken literally from the decision of the Judicial Committee reported in 30 C. W. N. 459 and 462 in order to emphasise the same position and to bring into harmony the position in respect of appeals from orders to the High Court with appeals to His Majesty in Council, there being slight difference between the wordings of the two clauses of the Letters Patent.

The other provision, *viz.*, sub-clause (k) of this Bill, has been adopted with a view to give legislative sanction to an old Calcutta decision which has been followed ever since 1872 by the majority of the High Courts in India until some recent decisions to the contrary.

SUSIL KUMAR ROY CHOWDHURY.

J. D. ANDERSON,
Secy. to the Govt. of India.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 20th September, 1938:—

L. A. BILL No. 23 OF 1938.

A Bill to give a right to divorce to Hindu Women under certain circumstances.

WHEREAS it is expedient to give a right to divorce to Hindu women under certain circumstances; It is hereby enacted as follows:—

Short title,
extent and
commencement.

1. (1) This Act may be called the Hindu Women's Right to Divorce Act, 193 .

(2) It shall apply to the whole of British India.

(3) It shall come into force on

Right of divorce.

2. Notwithstanding any custom or law to the contrary a married Hindu woman shall be entitled to claim a divorce from her husband under the following conditions, namely:—

(i) If her husband acquires impotency which is incurable any time after the marriage; or

(ii) If her husband changes his religion; or

(iii) If her husband married another woman while the first marriage is in force; or

(iv) If her husband has deserted her for a continuous period of three years.

STATEMENT OF OBJECTS AND REASONS.

Cases are occurring frequently in India in which a married Hindu woman's life is made unbearable under circumstances brought about by her husband. The Bill aims at removing some of these, recognising that a Hindu wife has a human personality.

STATEMENT OF OBJECTS AND REASONS.

The Twenty-third Session of the International Labour Conference adopted a Convention in which a special Article for India was inserted, fixing the minimum age at which children may be employed or may work in the transport of passengers, goods or mails by rail, or in the handling of goods at docks, wharves, or quays, at 13 years. This Bill provides for prohibiting the employment of children under 15 in occupations connected with the transport of goods, passengers or mails on railways, and for raising the minimum age for handling goods in docks from 12, the age fixed by section 6 (1A) of the Indian Ports Act, 1908, to 14, the age recommended by the Royal Commission on Labour. A simple procedure enabling employers to safeguard themselves against transgressions of the Act by furnishing themselves with, or requiring candidates for employment to possess, certificates of age, is provided in the Bill.

Resolution on the report on the working of the Co-operative Societies in the Presidency of Bengal for the year ending 30th June 1937.

GOVERNMENT OF BENGAL.

Co-operative Credit and Rural Indebtedness Department.

Co-operative Societies.

CALCUTTA, THE 4TH NOVEMBER 1938.

RESOLUTION—No 2513 C.S.

Read—

The report on the working of the Co-operative Societies in the Presidency of Bengal for the year ending 30th June 1937.

Khan Bahadur A. M. Arshad Ali was in charge of the department throughout the year. There was no change in the superior staff of the department except that Mr. A. Ahmed, I.C.S., Deputy Registrar, was appointed Director, Debt Conciliation, Eastern Circle, from 21st December 1936; from 9th April 1937, however, he was re-appointed Deputy Registrar in addition to his duties as Director, Debt Conciliation, Eastern Circle. As a measure of economy the five Sub-Deputy Collectors employed as Managers of Land Mortgage Banks reverted to their normal duties with effect from 1st May 1937, and were replaced by trained Auditors of Co-operative Societies. The sanctioned scheme for decentralisation of general supervision and control on the one hand and audit on the other could not be given effect to during the year, because it was necessary to postpone the introduction of this system until the training of all Inspectors and Auditors had been completed; this training commenced towards the close of the year.

2. The department continued the policy of cautious expansion in new directions and of improvement of the existing position by gradually restoring the equilibrium between the financial position of the Provincial Bank, Central

Banks and the Primary Societies, and regaining the confidence of the investing public in these institutions, with the ultimate object of converting these credit institutions into agencies for advancing short-term loan only for productive purposes and raising of crops, and of leaving the field of long-term business required by the agriculturists to Co-operative Land Mortgage Banks. The total number of societies of all classes rose from 23,529 to 24,221 during the year.

3 The weather conditions were generally not favourable but on the whole the outturn of crops was better than in the previous year. In spite of this fact the efforts to improve the collection of dues of the Central Banks brought little success for the following reasons:—

(i) The huge accumulation of arrears had induced a feeling of despair among members, who too readily excused themselves from paying on the plea that the economic depression was still continuing.

(ii) The Central Banks found themselves unable to reduce the rate of interest to the level of the present-day paying-capacity of the agriculturist members.

(iii) In the absence of any summary powers of recovery moral persuasion and pressure were ceasing to have any effect.

4. Although the Central Banks decided to restrict their investments in village societies to advancing short-term loans for agricultural and productive purposes only, much headway could not be made; difficulties in making effective arrangements for realisation of the heavy existing overdues rendered the Banks unable to return deposits as they matured or to formulate any constructive scheme on business principles for future work. In order, however, to facilitate realisation an enquiry was set on foot for ascertaining the actual repaying capacity of the individual members of village societies. It is hoped that now that this enquiry is completed, steps will be taken for scaling down the overdues of a society and of its individual members to an extent commensurate with their paying capacity and consistent with the financial solvency of the society and the Central Bank concerned. Thereafter if remissions are granted as a set-off against the

reserve fund and other owned capital of the society, the present despondency of the borrowers should be removed and the financial side of the movement strengthened.

5. Although the average borrowing rate of Central Banks was generally reduced from 8 to 5 per cent., for the reasons given below, the interest generally charged to village societies still ranged between 9-3/8 and 10½ per cent., and consequently the interest charged by societies to individual borrowers could not be reduced below 10-15/16 per cent. :—

(i) The unfavourable ratio of obligatory charges to the invested capital bearing interest.

(ii) Disproportionate amount of bad debts in comparison with good assets of the Bank and with its outside liabilities.

(iii) Impracticability of reduction of the cost of establishment below a certain minimum standard because such reduction would adversely affect collection and good administration.

6. The success of the movement largely depends on regularity of repayment of loans taken by members. Unfortunately a tendency towards slow and leisurely payment is gaining ground even among solvent members of Co-operative Societies, a tendency which it has become necessary immediately to counteract. It has accordingly been proposed to invoke the aid of the Legislature for investing the department with power to recover sums due to Co-operative Societies by certificate procedure.

7. The five Land Mortgage Banks continued to receive Government aid as they could not yet become self-supporting, although they reduced their cost of management by replacing Sub-Deputy Collector Managers by Co-operative Auditors. The working of Debt Settlement Boards retarded their business-progress to a certain extent, because prospective applicants were waiting to see how these Boards could reduce their old debts before they took steps to borrow in order to liquidate them. Measures have since been adopted to co-ordinate the working of Debt Settlement Boards with that of Land Mortgage Banks by establishing Special Debt Settlement Boards for the purpose in places where

Land Mortgage Banks have been established. Another contributory cause operating to retard the progress of the Banks was the fact that in many cases would-be applicants could not persuade all their co-sharers to join in making the application. In the absence of effective measures for speedy recovery of the dues of Land Mortgage Banks, it was not possible to float debentures on the mortgages obtained by them. Since the close of the year an amendment of the Bengal Public Demands Recovery Act has been passed by the Legislature authorising the use of certificate procedure for recovery of the dues of Land Mortgage Banks. Steps are also being taken to remove certain legal difficulties in the way of the execution of Trust Deeds by including proper provision in the Co-operative Societies' Bill designed to be introduced at an early date. It is hoped that these measures would enable the Land Mortgage Banks to become self-supporting in the near future and will justify the extension of the system to other districts where such Banks have not yet been established.

8. The scheme of Better Living Societies (hitherto called rural reconstruction) on co-operative lines made further expansion of agricultural non-credit societies possible. It is gratifying to note that about 500 rural reconstruction societies were registered during the year under report. The programme of these societies includes improvement of the economic condition of members by adoption of subsidiary occupations such as vegetable gardening, poultry farming, and handloom weaving, spread of primary and vocational education and improvement of sanitation.

9. Steps were taken for the reorganisation of the Co-operative Industrial Unions and Weavers' Societies with the help of the Government of India grant. An expert staff was maintained to train the weavers in new designs and fine weaving. Sizing and calendering machines have also been supplied to one Co-operative Industrial Union. As a result of these measures 2,206 men have been trained in improved patterns of weaving and 120 new designs have been introduced and adopted by the weaver members of the societies. Members have also been trained in the method of dyeing fast shades. An Industrial Home for the women handloom workers has been

started in a suburb of Calcutta, and the Government of India have, since the close of the year, sanctioned a grant-in-aid for it out of their handloom grant.

10. The most important event of the year was the decision taken by Government with the sanction of the old Legislature to make a subsidy of Rs 24 lakhs at the rate of Rs 2 lakhs a year to the Bengal Provincial Co-operative Bank which is the pivot of the co-operative movement in the province, so as to enable it to make good the loss due to the failure of the Jute Sale and Supply Societies and to build up a reserve with a view to reduction of interest rates charged to Central Banks and Primary Societies. The first instalment of Rs. 2 lakhs was paid during the year. Assistance was also given to the Bank by deputation of expert officers for carrying the annual and running audits of the Bank for a period of three years and the Bank has been exempted from the payment of audit fees during the same period.

11. Government are greatly concerned over the recent cases of defalcation in certain Central and important Urban Banks involving large sums of money. Adequate action has been taken in all cases to penalise the persons found responsible for such defalcation. Additional safeguards have been prescribed by the department, and arrangements are being made to ensure that the running audit of all Central and important Urban Banks shall be carried on throughout the year as far as possible. Government hope that, when the additional staff recently appointed and now

under training at Dum Dum is available and ready for active duty, these precautionary measures will make defalcations absolutely impossible or at any rate will reduce their chances to the minimum.

12. With the grant made available by the Government of India a Co-operative Training Institute for the training of departmental staff was established at Dum Dum near Calcutta in April 1937 with Rai S. K. Ganguli Bahadur, *ex-Registrar* of Co-operative Societies, Bengal, as the Officer-in-charge. The first batch of Inspectors was under training during the year. It is proposed to train all the departmental Inspectors and Auditors as well as supervisors and members of Central Banks and Primary Societies. The training of Inspectors has been completed after the close of the year under report and the training of Auditors has commenced.

13. The thanks of Government are due to Khan Bahadur A. M. Arshad Ali for his administration of the department during the year. Government have much pleasure in acknowledging the assistance rendered to the movement by the various district and subdivisional officers named by the Registrar. Government also notice with pleasure the good work done by certain departmental officers.

**DARJEELING. THE 27TH OCTOBER
1938.**

RESOLUTION- No. 972T.R.

Read—

The final report on the Survey and Settlement Operations in the district of Murshidabad.

Letter No. 3771 S. & S., dated 3rd March 1938, and enclosures, from the Secretary to the Board of Revenue, Bengal, containing the comments of the Director of Land Records and Surveys, Bengal, and the Board of Revenue on the report.

Letter No. 1717 R.L., dated 17th June 1938, and enclosure, from the Commissioner of the Presidency Division containing the comments of the Collector of Murshidabad and of the Commissioner of the Presidency Division on the report.

The inception of the survey and settlement operations in the district of Murshidabad was sanctioned in 1920, but, after traverse survey had been completed in the first block of the district, the operations had to be postponed on account of financial stringency. Subsequently, the operations were started in 1924 along with the operation in the district of Birbhum in a single operation

2. The district is divided almost equally by the river Bhagirathi into two well marked regions, commonly known as the Rarh and the Bagri. The area of the district is 2,043 square miles of which 1,684 square miles is cultivable. The area actually cultivated was found to be 1,470 square miles or nearly 87 per cent. of the total cultivable area. This

shows that the extent of cultivation in the district has reached its limits. Paddy is the main crop of the district and is grown on 76 per cent. of the total cropped area. Taking the district as a whole the percentage of area which grows more than one crop is 32·83 of the net cropped area and the balance of 67·17 per cent. yields but one crop.

3. The population of the district was 1,370,677 in 1931 against 1,214,104 in 1872, indicating an increase of only 13 per cent. during the last 60 years. This slow progress in the growth of the population is ascribed to the ravages of malarial and other epidemic diseases to which the district had been subject from time to time. The health of the district is still far from satisfactory in spite of considerable public and private efforts to effect an improvement.

4. The main occupation in the district is agriculture. The total number of agricultural interests comes to 985,596 and the area covered by them is 1,215,314 acres, or in other words the average area per interest is 1·23 acres only. The interests of raiyats of all classes represent nearly 73 per cent. of the total interests of the district and about 58 per cent. of raiyats are found to have rights of occupancy in their holdings. The economic position of the district is not very satisfactory. Agriculture—the main source of income—is reported to suffer considerably owing to defects in the sources of irrigation and drainage. The Settlement Officer has made certain suggestions for the improvement of the irrigation and drainage system in the district and these will receive the careful consideration of Government.

5. In 1928-29 the total revenue demand of the district was Rs. 10,40,502 for 2,378 estates borne on the register of revenue-paying estates in the district. As a result of diara proceedings 169 new diara estates were formed covering an area of 7,564 acres with a total demand of Rs. 20,285. The total area of estates lying in the district which are borne on the register of revenue-paying estates of other districts was found to be 129,043 acres. A total area of 31,810 acres of land was recorded in the district as held free of revenue. This area was composed of grants made by the ancient Indian rulers for certain specific purposes.

The rent of the raiyats varies in different parts of the district, and, in the opinion of the Settlement Officer, the varying rent rates represent the quality of the land in the various parts of the district. The average incidence of settled and occupancy raiyats is Rs. 3-7 while that of the raiyats at fixed rates is Rs. 2-15-1 an acre.

6. Like the district of Nadia this district contains a considerable area held under the *utbundi* system. The total area of nominal *utbundi* found in course of the operation was 45·82 square miles and that of real *utbundi* 22·57 square miles. Another system known as *begar* was found to have grown up in the district, in which homestead lands were held by poorer people without any payment of rent. It is satisfactory to note that during the operations under review it was possible through strenuous

efforts on the part of the Settlement Officer to commute 90 per cent. of these *begars* to definite money rents.

7. The gross cost of the joint operation in Murshidabad and Birbhum came to Rs. 37,68,073 as against Rs. 36,80,973, sanctioned in the inception proposals. The excess was mainly due to a larger area being taken up than was contemplated in the original estimate.

8. The Governor desires to place on record his appreciation of the work done by all officers in carrying out the operations to a successful conclusion. His thanks are specially due to Rai Bijay Behari Mukherji Bahadur for the able manner in which he conducted the operation and for his very interesting report.

By order of the Governor,

*The "water-jacket" method is that in which the cylinder is enclosed in a vessel filled with water and which is fitted with a gauge glass projecting from its upper cover. The changes in volume of the cylinder on applying and after removal of the internal hydraulic pressure are measured by the changes in level of the water in the gauge glass.

3. Cylinders manufactured prior to 1st September 1931 may be made of wrought iron or lap welded or seamless steel containing not more than 0.25 per cent. of carbon and not less than 99 per cent. of total iron, the ultimate stress of the steel being not less than 26 tons per square inch and not more than 33 tons per square inch and the ultimate elongation not less than 1.2 inches on a test piece of 8-inch gauge length cut from a finished cylinder. Any cylinder which fails to pass the test shall be destroyed or rendered useless.

4. Valve fittings for cylinders shall comply in all respects with the specification for valve fittings for gas cylinders set out in the British Standard Specification No. 341 of 1931 and the valve fittings for cylinders for Carbon Dioxide shall be provided in the body of the fitting with a safety release consisting of a softened copper disc so arranged as to burst at a pressure between 2,600 and 2,850 pounds per square inch.

SCHEDULE II.

[See Rule 11(2).]

Filling Ratios and Working (gauge) Pressure of Liquefiable Gases.

Gas.	Tropical climates (maximum temperature 65°C.)	
	Filling Ratio.	Working (gauge) Pressure; lb./sq. in.
Sulphur dioxide	1.19	160
Ammonia	0.51	412

NOTE.—The water capacity of each individual cylinder shall be carefully ascertained and by using the appropriate filling ratio the true gas capacity determined. The true gas capacity (in pounds) added to the tare weight of the cylinder will give the gross weight referred to in rule 6 (1)(f).

SCHEDULE III.

(See Rule 12.)

Specification for Identification Colours for Gas Cylinders.

GROUND COLOUR.

1. Gas cylinders shall be entirely covered with a coat of paint of the colour specified in Tables I and II.

DISTINGUISHING COLOUR BAND.

2. A distinguishing colour band shall be applied to the gas cylinders in accordance with Tables I and II and Fig. I. Unless otherwise specified this distinguishing colour band shall be painted round the neck of each cylinder adjacent to the valve fitting and shall be wide enough to occupy half the portion of the cylinder between the junction of the hemispherical and cylindrical portions and the neck.

When the valve of a cylinder is wholly protected by an extension of the cylinder body the identification colour band adjacent to the valve shall be painted on the extension both internally and externally, and when two identifying bands are required, in such cases the second band shall be painted immediately below the first band on the external surface of the cylinder. (See Fig. I.)

For cylinders for medical purposes, the name or chemical symbol of the gas shall be stencilled or painted on or near the shoulder of the cylinder. In the case of coir covered cylinders the name or chemical symbol of the gas shall also be stamped on a metal tag attached to the covering.

Any other distinguishing bands or marks, painted on the cylinder by the gas manufacturer or filler for his own purposes, shall be placed on the body of the cylinder. The neck of the cylinder may have a painted aluminium panel to show up the marking.

For gases other than those provided for in Tables I and II the cylinders shall be specially labelled indicating the nature of the contents.

STANDARD COLOURS.

3. The colours used both for the ground colour and the distinguishing colour band shall be in accordance with the British Standard Schedule of Colours for Ready Mixed Paints No. 381. (See Appendix.)

Bisection of angles, and straight lines.
 Construction of perpendiculars to straight lines.
 Construction of an angle equal to a given angle.
 Construction of parallels to a given straight line.

Theorems.

If two sides of a triangle are unequal the greater side has the greater angle opposite to it; and the converse.

Any two sides of a triangle are together greater than the third.

Of all straight lines that can be drawn to a given straight line from a given point outside it, the perpendicular is the shortest.

When a straight line cuts two other straight lines, if—

- (1) a pair of alternate angles are equal, or
- (2) a pair of corresponding angles are equal, or
- (3) a pair of interior angles on the same side of the cutting line are together equal to two right angles,

then the straight lines are parallel; and the converse.

Straight lines which are parallel to the same straight line are parallel to one another.

*Class VIII.***Problems.**

Division of straight lines into any number of equal parts.
 Construction of triangles and quadrilaterals with sufficient data.
 Construction of a triangle equal in area to a given quadrilateral.

Theorems.

The sum of the angles of a triangle is equal to two right angles; and the two corollaries thereto.

If two triangles have two angles of the one equal to two angles of the other, each to each, and also one side of the one equal to the corresponding side of the other, the triangles are congruent.

If two right-angled triangles have their hypotenuses equal and one other side of the one equal to one other side of the other, the triangles are congruent.

The opposite sides and angles of a parallelogram are equal, each diagonal bisects the parallelogram; and the diagonals bisect one another.

If there are three or more parallel straight lines and the intercepts made by them on any straight line that cuts them are equal, then the corresponding intercepts on any other straight line that cuts them are also equal.

Parallelograms on the same or equal bases and of the same altitude are equal in area.

ACT No. XXIV OF 1938.

An Act to declare that certain defences shall not be raised in suits for damages in British India in respect of injuries sustained by workmen.

Short title and extent.

1. (1) This Act may be called the Employers' Liability Act, 1938.

(2) It extends to the whole of British India.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(a) "workman" means any person who has entered into, or works under a contract of, service or apprenticeship with an employer whether by way of manual labour, clerical work or otherwise, and whether the contract is expressed or implied, oral or in writing; and

(b) "employer" includes any body of persons whether incorporated or not, and any managing agent of an employer, and the legal representatives of a deceased employer, and, where the services of a workman are temporarily lent or let on hire to another person by the person with whom the workman has entered into a contract of service or apprenticeship, means such other person while the workman is working for him.

Risk not to be deemed to have been assumed without full knowledge.

4. In any such suit for damages, the workman shall not be deemed to have undertaken any risk attaching to the employment unless the employer proves that the risk was fully explained to and understood by the workman and that the workman voluntarily undertook the same.

Saving.

Notices.

3. If in any case the District Health Officer considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of cholera he may forthwith take such steps as he may think fit for carrying out the work, and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.

4. If any measure which the District Health Officer has, by a notice issued under these regulations, required to be carried out, be not carried out to his satisfaction within the time stated in the notice the District Health Officer shall be entitled to carry out the measure.

(2) The Board may recover all expenses incurred by the District Health Officer in carrying out the measure under regulation 4 from the person or persons to whom the notice was originally issued.
